INTRODUCTION

Yasmine Daldas is a senior programme delivery leader with over 15 years of experience delivering and recovering complex transformation initiatives across energy, utilities, infrastructure, and sustainability-driven environments. She is particularly motivated by programmes that accelerate the energy transition, embed ESG principles, and deliver positive environmental impact alongside operational results. Known for her calm, structured leadership style, Yasmine brings clarity and control to high-risk programmes—aligning governance, delivery teams, and executive stakeholders to ensure sustainability ambitions translate into measurable, real-world outcomes.

HOW I CAN HELP YOUR BUSINESS

- **Programme Delivery & Execution Leadership:** Leads end-to-end delivery of complex transformation programmes—establishing governance, delivery structures, and execution discipline to ensure outcomes land on time.
- **Programme Recovery & Turnaround:** Rapidly assesses and stabilises underperforming or at-risk programmes—restoring control, confidence, and delivery momentum in pressured environments.
- **Energy Transition & Sustainability Enablement:** Leads programmes that embed sustainability and ESG into delivery—supporting net-zero ambitions, regulatory alignment, and environmentally responsible outcomes through practical execution.
- **Governance, Risk & Stakeholder Alignment:** Designs and embeds governance models that enable transparency, accountability, and pace—aligning executives, regulators, and delivery teams across complex environments.
