GROWTH."**

INTRODUCTION

Caroline is a Chartered Certified Accountant (FCCA) with extensive experience in finance, audit, and advisory. At EY, she led audit engagements for global S&P 500 clients including Meta, Intel, and Microsoft, managing teams of over 20 and ensuring compliance with IFRS, US GAAP, and internal control frameworks. Known for her client-centric approach, she has advised on financial reporting, process optimisation, and audit readiness. Most recently, at Vantage Point Advisory, Caroline drove business operations, implemented automation tools, and supported strategic growth initiatives across client portfolios.

HOW I CAN HELP YOUR BUSINESS

- **Strategic Finance and Audit Leadership:** FCCA-qualified with a strong track record in leading complex audits for S&P 500 clients and aligning financial practices with business strategy across sectors including tech, engineering, and professional services.
- **Client Advisory and Relationship Management:** Skilled in managing senior stakeholder relationships, delivering financial insights, and advising on internal controls, reporting standards, and compliance with IFRS, US GAAP, and local regulations.
- **Team Leadership and Development:** Proven ability to lead and mentor large audit and finance teams, optimise workflows, and implement structured feedback processes that drive team performance and capability growth.
- **Operational Efficiency and Business Transformation:** Experienced in implementing automation tools, streamlining business operations, and driving process improvements to enhance efficiency, reduce risk, and support scalable growth.
