**CONNECT WITH ME:**

Beyond project management, John has built a strong reputation as a Proposal Development Manager and R&D Grant Writer, specialising in securing funding for innovation projects through Horizon Europe and EIC programs. His expertise in crafting compelling funding proposals ensures organisations secure the necessary resources to drive cutting-edge advancements in engineering, transport, and infrastructure.

**"SUCCESSFUL PROJECTS  
AREN'T JUST ABOUT  
PLANNING—THEY'RE  
ABOUT ADAPTING,  
INNOVATING, AND  
DELIVERING REAL  
IMPACT."**

**INTRODUCTION**

With a career spanning over 30 years in project management, engineering, and infrastructure development, John Seagrave brings a wealth of expertise to the Grant & Graham team. As an Incorporated Engineer and a member of the Institute of Engineering and Technology (IET) and the Association for Project Management (APM), John has successfully led complex projects across the rail, transport, and public sectors.

John's experience includes high-profile roles at Network Rail, Transport for Wales, and High Speed Two (HS2) Ltd, where he was instrumental in managing multi-million-pound projects, overseeing infrastructure enhancements, and driving operational improvements. His deep understanding of project sponsorship, procurement, and strategic development has made him a trusted leader in delivering critical transport and engineering initiatives.

**HOW I CAN HELP YOUR BUSINESS**

- **Project Management & Delivery** – Expertise in managing complex infrastructure, transport, and engineering projects from concept to completion.
- **Grant & Proposal Writing** – Proven success in securing funding through Horizon Europe, EIC, and other innovation grants.
- **Rail & Transport Expertise** – Extensive experience with Network Rail, Transport for Wales, and High Speed Two (HS2) Ltd, ensuring seamless project execution in regulated industries.
- **Procurement & Contract Management** – Strong background in sourcing, negotiations, and supplier management to optimise costs and streamline operations.
- **Infrastructure Development & Strategy** – Strategic planning and execution for large-scale transport and engineering projects, ensuring efficiency and long-term sustainability.
